

**Simple.  
Mobile.  
Versatile.**

The applications of our containers are practically unlimited. The difference is in their quality and reliability. **POLKONT** guarantees deliveries of highest quality containers - from standard marine containers through popular "storage" containers to customized mobile workshops. Be it one or one hundred containers, we will deliver today or next week - we provide professional knowledge and assistance with regard to the use of containers. Extra work space? Unusual home concept? Sanitary facilities or temporary cooling rooms? We will find a suitable container for **YOU** and **YOUR** company!

The team of **POLKONT** will be happy to advise you on the use and applications of our containers.

**We look forward to your inquiries!**

STORAGE**

# WISE STORAGE

## STORAGE CONTAINERS

- new and used containers - possible light wear and tear due to marine transport from the Far East
- ideal for storage and transportation
- forklift pockets
- optional LOCK BOX protection
- impregnated plywood flooring
- natural or mechanical ventilation
- optional lashing handles mounted along the side walls
- painting in **RAL 5010** or another colour of the Customer's choice
- electrical wiring, heating and lighting
- available for sale at all times
- optional division and expansion of space by means of partition walls, extra doors and windows

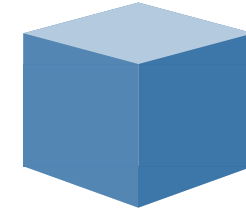

Our containers make ideal spaces for storing different types of goods: from furniture to construction tools and document archives. A standard universal 20'DV container with a volume of more than 30 cubic metres can be divided in any configuration as requested and required by the Customer. We will use your guidelines to design and prepare a universal storage space for your needs!

If necessary, the layout can be modified and unnecessary walls and equipment can be disassembled.

Our containers can come with individual electricity meters. A properly certified, modified storage container with a CSC safety approval can also be used for international transportation. For more information see our website:

[www.polkont.pl](http://www.polkont.pl)

The inside of the container was made from products free or almost free of solvents.

## TECHNICAL SPECIFICATION

### Storage containers

<b>Name:</b>	20'DV	40'DV	40'HC
